The Interaction between Official and Unofficial Laws in the Regulation of Informal Credit Markets in Ethiopia.

LED BY: Gebreyesus Abegaz Yimer, JSGS Doctoral Candidate

In the 1960s, Ethiopia modernized its laws by borrowing massively from western legal traditions. However, customary laws and norms still continue to play a significant role. In this lunch-and-learn noon-hour talk, doctoral candidate Gebreyesus Abegaz Yimer will explore how the official and unofficial laws interact in the regulation of credit markets in Ethiopia.

The Centre for the Study of Co-operatives invites all students, faculty and researchers interested in the study of co-operatives, governance and the social economy to join us in discussion.
