

# APPLIED RESEARCH PROJECTS VIRTUAL SHOWCASE

July 28 & 30, 2021 | 10 a.m. - 12:00 p.m.  
Join us over Zoom.

## Join us for the virtual showcase of our students' Applied Research Projects!

Over the last few months, students in the joint Master of Governance and Entrepreneurship in Northern and Indigenous Areas and the Online Master of Public Administration programs have been hosted by Indigenous and northern community partners across Canada. With the guidance of community supervisors and academic supervisor Dr. Martin Boucher, students have completed community driven research projects on a wide array of topics supporting community and regional development, governance, and planning. Join us to learn more about their research findings and current questions facing Indigenous and northern community partners across Canada.
