

CONNECT VIRTUALLY AND EXPLORE OUR

GRADUATE CERTIFICATE IN SOCIAL ECONOMY, CO-OPERATIVES AND THE NONPROFIT SECTOR

Are you looking to advance your career within a co-operative, credit union, non-profit or charitable organization, social enterprise, or government?

Offered in partnership with the **Canadian Centre for the Study of Co-operatives (CCSC)**, the Graduate Certificate in Social Economy, Co-operative and the Nonprofit Sector is for mid-career professionals like you, who are interested in exploring third sector organizational forms, governance and leadership, management, and alternative service delivery models. Expand your understanding on how these organizations share a commitment to inclusive decision-making and concern about larger social-economic problems.

Join Dr. **Marc-Andre Pigeon**, CCSC Director and JSGS Assistant Professor, **Dr. Iryna Khovrenkov**, JSGS Associate Professor, and **Amy Hassett**, JSGS Manager of Onsite Graduate Programs, to learn about this certificate program and how it can help set you on a path for success!

DID YOU KNOW: This certificate provides you with the opportunity to select a study stream—Non-Profit stream, Co-operative stream, and the Social Economy & Government stream—that is of most interest to you! Both the Non-Profit and Co-operative streams can be completed entirely online, while the Social Economy and Government stream is offered through a combination of online and in-person classes.
